The Danes have a word that's hard to translate but it is as Danish as smørrebrød and akvavit. It is Hygge and it illuminates the Danish soul. The closest we can come phonetically is "hooga" if we try forming our mouths for "ee" while saying "oo". It doesn't translate directly into any other language but we can illustrate it in action.

Gather a few friends and the family over for a visit. Push the sofa and chair up close to the coffee table. Light the candles and turn off the lights. Serve plenty of food and drinks and say skål a few times and look everyone in the eye and you've got Hygge! It's creating a nice, warm atmosphere and enjoying the good things in life with people around you.

Hygge is our heritage here at the Windmill. Christmas is the high season for Hygge. Enjoy your friends and family this wonderful season.

Thank you for shopping in the Danish Windmill's museum store. The proceeds from your purchases support the programs and exhibits of the historic 1848 Danish Windmill museum which is a 501(c)(3) non-profit organization. The products in this store have been carefully selected to enhance your visit. The museum store is an extension of the institution, dedicated to educating, enlightening and inspiring.

Our web site is open 24/7 and features over 900 products with photos. During the day hours you can visit over the phone with one of our knowledgeable staff to help you with your questions.

From all of us at the Danish Windmill we thank you for your patronage this past year and look forward to seeing and hearing from you in the New Year!

Thank you for all of your support!

Sincerely,

The Board of Directors and Staff of the Danish Windmill

A Danish Christmas Tradition Paper Heart Decorations for the Tree

The oldest known pleated Christmas heart was made by Danish poet and author, Hans Christian Andersen in 1860. It is on display in the Hans Christian Andersen Museum in Odense, Denmark. Paper cutting was Hans Christian Andersen's favorite passion. The Danish storyteller always carried his long pair of scissors with him. Surrounded by children, he would amuse himself and them by snipping out silhouettes.

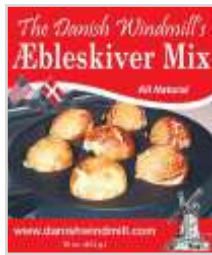

A piece of Denmark close to home...

Take a vacation with a Danish accent!

"To travel is to live."—Hans Christian Andersen

Make 2017 the year that you visit Elk Horn! You'll have plenty of stories to tell your friends back home if you take Hans' advice and visit the Danish villages of Elk Horn and Kimballton, Iowa.

Tivoli Fest and JuleFest

Elk Horn's Danish celebration, Tivoli Fest, is held each Memorial Day weekend. Enjoy Danish foods and specialties such as smørbrød, aebleskiver and medisterpølse. There is the Tour de Tivoli bike race and Mermaid to Mill 5K Run, a parade, Danish folk dancers, an entertainment stage, and fireworks.

Julefest is held annually over Thanksgiving weekend. This is a fun-filled Christmas festival with the Naughty or Nisse 5K Run, over 25 local businesses, organizations, historical sites and museums. Visit the unique gift shops, large Christmas Boutique and more!

Help Put a New Spin on This Old Mill

It's been 40 years since Harvey Sornson's "impossible dream" became a reality. The 1848 Danish Windmill from Nørre Snede towers proudly above the rich fields of Iowa prairie, an ever-present reminder of our agricultural heritage and the land that was settled by our Danish ancestors.

The Mill has served generations of families over the span of its 168 years, from the field to the mill and from the mill to the table. Today, as an educational and historical museum, it is a unique and irreplaceable part of our culture and community. We have all enjoyed seeing Elk Horn come alive to greet thousands of tourists who have visited us from all over the world.

The Mill has received the tender loving care it needed over the decades—paint, shingles, a rebuilt cap frame and much more. Today we are striving to continue to preserve the Mill and its story for future generations to appreciate and enjoy.

We have launched an appeal to raise \$200,000 to fund a major restoration project. The Mill has been at a standstill for over a year due to safety concerns. There is an urgent need to replace the timbers for the sails and wind shaft due to wood rot; repair the brake wheel and fan tail, and to replace the friction drive pulley for the sack hoist.

Please support this important endeavor by making a monetary contribution. We welcome all gifts of any amount and you can donate online at danishwindmill.com, by mail or by wire transfer. Remember that your gift to the Danish Mill Corporation is a tax deductible contribution.

Mange tak!

Your generous gift will help put a new spin on this old Mill so it can start turning again and get back to the daily grind of being a working Mill. Tak!

Goal: \$200,000

- Replacement Timbers for Sails & Wind Shaft
- Repair Brake Wheel & Fan Tail
- Replace Friction Drive Pulley for Sack Hoist
