

Embrace your Danishness...
...with a charitable gift to the Danish Windmill

2019 Annual Appeal

Dear Friends of the Danish Windmill,

From donations of one dollar to many thousands, in-kind gifts of time, talent and services, decorating chairs for the Chair-ity Gala and outbidding one another at the auction for those treasures all helped make our recent major restoration a success. Thanks to your generosity the Windmill is turning again!

This year we were able to complete the shingling project and the retrofitting of the VikingHjem with energy-efficient LED lighting. We constructed the new Miller's Path and rebuilt the catwalk around the exterior of the windmill.

Current and future priorities include replacing the Mill's 30-year old security system, enclosing the entertainment area with fencing and increasing the Windmill's Endowment Fund.

Because it takes more than wind to keep the Mill turning...it takes money, we are reaching out to you again to ask for your continued support.

Your donations make a difference...

The Mill is the icon of our Danish Villages. Next year, will mark the 45th anniversary of the Danish Windmill's arrival in America. It's an important piece of our history that is very important to our visitors who come from around the world.

(Continued on page 2)

Thanks to your generosity and with your continued investment in the Mill this historical treasure will continue to serve as a focal point for educating visitors, children and families about wind energy and green technology, agriculture and of course, our Danish cultural heritage and sense of place.
